

The Lotus Connection

The Lotus Connection began in 2007, meeting on the last Thursday of every month, except in August (O'Bon) and December (winter holidays). The main purpose of the Lotus Connection is to teach cardmaking, promote social connections and to share the monies generated from the sale of the cards to many good causes. We ask each participant to keep one card that she/he makes and to donate the rest to the Lotus Connection that we sell to church members and others.

Since 2007, the Lotus Connection has made monetary donations to many good causes...such as the Social Concerns Fund of the Honpa Hongwanji Mission of Hawaii whenever there was a disaster somewhere in the world, to Project Dana, The Food Bank, Meals on Wheels, Ronald McDonald House and many, many more organizations. The Lotus Connection has been helping others....one card at a time.

To current participants:

Hello Lotus Connection participants,

We miss seeing all of you. However, because we have many who are in different stages of immune compromised conditions or living and caring for someone who is, we will not be meeting until further notice. Hopefully the day will come when we feel more confident that all of us will be safe and it will be okay to meet in person. Please check back at this website for any updated information.
