Introducing Our New Volunteer Management Software

We are excited to announce the upcoming launch of our new volunteer management software, *Better Impact*. This software will assist with management of our 280+ volunteers as well as help us with the coordination and scheduling for our 34 home-delivered meal routes serving over 260 clients Monday-Friday.

This software provides both the office staff and volunteers more efficient tools, such as:

- **communication between office staff and volunteers**
- **tracks volunteer hours**
- **easy-to-use route management - select, change and/or cancel routes**
- **reporting capability**
- **on-line application process for new volunteers**
- **better management of personal contact information and required forms and/or training.**
- **reminders for upcoming route assignments**
- **and more**

**Looking for food, fun,
friends & fellowship?**
