

# Cuesta Available Alpacas

We are retiring and looking for lovely homes for our last few remaining alpacas. These are free of charge, but you must be willing to look after them and make sure you have catch pens available in your paddocks so that you can catch them for health checks and the shearer. None are suitable as pets with small children around, but all will get friendlier with frequent handling.

We have:

- Two useful jet black stud males who are easy to handle
- 5 females who can be bred
- 3 retired females
- 3 wethers (castrated boys) and a lovely retired stud male who will make sure they don't misbehave.

## Retired Females, Looking for a Good Home

These are all favourite girls that have been a foundation of our herd. They are all in good health and are free as long as we know they will be looked after. In fact, we will add one of our breeding females if you will take some of these alpacas on.

Cuesta Ella: DOB: 24/03/2009 [IAR Entry](#)

White. Has had a lovely fleece but has been prone to skin problems so we don't recommend breeding although the skin problems are a lot better this year. A daughter of Molly.

Cuesta Dita: DOB: 13/11/2008 [IAR Entry](#)

Light Fawn (looks white). Has had a lovely fleece but has been prone to skin problems so we don't recommend breeding although the skin problems are a lot better this year.

Little Styx Black Pearl: Not so sweet, a bit of a handful. A large Jet Black Girl. Non breeder.

## Other Boys

### Wethers

Cuesta Indigo

Cuesta Jethro
