I want the most - Marek Rozkowski, January 2020

I want to invite you all, my angels and heroes, kids and wife, mom and dad, grandma, grandpa, family and friends, invite you for a trip to mysterious islands.

we will discover a holy silence island, we will live on a holy silence island, a holy silence island will be our home.

and we will stay there as long as necessary.

we will discover a spirit light island, we will live on a spirit light island, a spirit light island will be our home.

and we will stay there as long as necessary.

we will discover a blissful peace island, we will live on a blissful peace island, a blissful peace island will be our home.

and we will stay there as long as necessary.

we will discover a loving kindness island, we will live on a loving kindness island, a loving kindness island will be our home.

we will stay there until a perfect unity will discover us, we will be in a perfect unity, a perfect unity will be always our home.
