UV ANGEL: CLEANER AIR FOR PATIENTS AND STAFF

Foothills Medical Centre, Calgary, AB

Private Long Term Care, Saskatoon, SK

Row 5 Distributors has worked with Foothills Medical Centre to install UV-C powered air solutions in their Hematology, Tissue Transplant and COVID wards.

Visionary private long term care homes in Saskatoon have installed UV-C devices in their common areas to add that additional layer of air protection for their residents.

For many other success stories (test results) and healthcare installations in the US, please contact us.
