

A close-up photograph of a bright red flower, possibly a geranium, with prominent yellow stamens. The flower is surrounded by large, green, serrated leaves. The background is slightly blurred, showing more foliage and a hint of a building.

Genesis Green Committee

Genesis of Ann Arbor, 2309 Packard
Street

Genesis Greening - building to reduce carbon
emissions - all together.

Once upon a time.....

GENESIS OF ANN ARBOR

Is a combination of.....

St Clare's Episcopal Church

TEMPLE BETH EMETH

GENESIS OF ANN ARBOR

Both congregations maintain their separate identities to worship

BLUE OCEAN FAITH

Genesis is also Home to Ann Arbor Children's House

4 in 1 Saves Energy!

Green Team Goal (2016)

Make our building carbon neutral by 2030

2020 is second-hottest year on record

Global warming causing
climate change may be the
ultimate issue that unites us all.

Louise Burfitt-Dons

Why?

quotefancy

Payback?

What is the financial payback for feeding the poor?

Payback?

We do it anyway!

Green Team Accomplishments
