Cell Phone Use

The Julia L. Butterfield Memorial Library aims to provide an environment conducive to study. Noise from the use of mobile phones and other portable devices is disruptive to this environment.

As a courtesy to all Library patrons, the use of phones in the Butterfield Library is restricted.

- The Library requests that all mobile phone users set their phones to vibrate or silent while they are in the building.
- Persons who find it necessary to make or receive a brief phone call during a library visit may do so in the first floor vestibules or in the Reading Garden.
- Library staff reserves the right to ask anyone violating the policy to leave the library.
- Violation of this policy may result in the loss of Library privileges.
