

Legacy Reflection Questions

Reflect a little on what your favourite element of your job was at George Brown College (was it the people, the subject matter, the schedule)

Who do you feel had the biggest impact on you during your time at George Brown?

Who do you think YOU had the biggest impact on in your career?

A moment that stood out to me in my career was:

"Do more of what you love."

Legacy Reflection Questions

I want to be remembered as...

Is there anyone you want to stay connected with in retirement?

What is a goal you have yet to accomplish that you want to work towards in retirement?

What are resources in your community that can support you in the coming weeks, months, days?

"Do more of what you love."
