

To Whom It May Concern,

It is my pleasure in writing to whole-heartedly recommend Beca Pape as missionary to Brazil. God has burdened her heart for reaching the Brazilian people with the Gospel, while working with a church planting team in this vast country.

I have known Beca and her family since she first visited Brazil during our Amazon Connect Trip in 2016. As a young lady, she worked in the ministry with her missionary parents in the Dominican Republic. Throughout the years, I have observed her to exhibit godly character as she has grown to be a servant of God.

She is a second generation missionary with on-the-field training and training with the deaf. She already knows the Spanish language fluently, which will allow her to be immediately effective as she ministers and learns Portuguese. All of these qualities make Beca one of the best missionaries to support and a true asset that will contribute significantly to a team ministry.

As her Field Director, I ask you to graciously consider adding her to your missions family and partner with her to reach Brazil for Christ. Please do not hesitate to call me if you have any questions concerning this missionary.

Your servant in Christ,

Pastor Sean Lunday  
BIMI South America Director  
Church Planter in Brazil
