BAILEY ROAD AND HWY 115 CONSTRUCTION

Improving Traffic Flow in our Town

Heads Up: Construction on the intersection of Bailey Road and NC Highway 115 begins **Monday, January 18**.

The project's goal is to increase the intersection capacity by adding or extending turn lanes on all sides.

There should be no impact on traffic flow for the first 3-4 weeks of the project.

In February, residents can expect lane closures during non-peak hours (9 am - 4 pm), potentially impacting school drop-off and pickup. One lane of traffic will remain open in each direction at all times.

Traffic will be shifted to the center turn lane, which will accommodate left turns, right turns, and straight movements.

The Town and its contractor, NJR, have been working diligently to ensure as little interruption as possible. **Construction is estimated to be complete by August 2021, before the start of the new school year.**
