

## Introduction to the Technology & Laptop Program

Today's careers in science, technology, engineering and math, require students and professionals with 21st century technology skills and experience. At SciTech, we are committed to providing extensive and equitable access to computers and technology. Students at SciTech build skills and learn to use technology as a tool to achieve their dreams and aid in discovery and design.

Students and parents/guardians are responsible to know and follow the policies, procedures, and information in this document and the District Acceptable Use of Technology Policies. Furthermore, teachers may set additional requirements for the use of technology in their classrooms.

## **Caring for Your Laptop**

### ***Transport***

- Always transport your laptop in an approved bag with a padded section designed for laptops.

### ***Laptop Screen***

- Never lift the computer by the laptop screen
- Do not place anything near the laptop, on the laptop or in the carrying case
- Do not touch or poke the screen
- NEVER leave an object on the laptop's keyboard as the object—such as a pencil or pen, it may crack the screen when the laptop is closed
- Clean the screen only with a soft, dry cloth or an anti-static cloth. Using other cleaning products, like Windex, alcohol, or even water, may damage the screen.

## **Charging Batteries**

### ***At Home***

- Establish a routine where you leave your computer turned off and charging overnight.
- Place the computer on a safe, dry, flat surface near a wall outlet in order to charge it.
- Make sure that the cord is not in a place where you or someone else will trip over it when they walk by.

### ***At School***

- Students are urged to label their charger and power chords with some type of adhesive label, however, they are not permitted to engrave anything.
- Spare laptop chargers and batteries are NOT available for loan so students must be sure they have them if needed.

*Power Tips*

- Run all batteries until the “Low Battery” warning comes on to ensure best battery life.
- Students may not be able to plug in their laptops at school because not all classrooms have easily accessible outlets.
- Laptops should be put to sleep or in hibernation when not in use in order to conserve battery life.
- Power down laptops at the end of each day.

**General Information**

***Equipment Evaluation***

Each laptop will be inspected periodically to verify its condition and compliance with SciTech policy. Laptops may be re-imaged if the user has violated SciTech policy, and re-imaging fees may be assessed. SciTech is not responsible for the loss of any data due to re-imaging or re-formatting.

***Technical Support***

SciTech provides on-site technical support to our students. If students have any questions or need to contact they can see the OIT Tech Liaison at the designated time.

**What You Should Know About Laptop Loss, Theft, & Damage**

Students are responsible for ensuring that laptops are kept safe and secure at all times. If a student believes a laptop has been stolen, the student and the student’s parent/guardian must immediately file a report with Pittsburgh Public School Police and request a copy of the written incident report filed by the law enforcement officer. As soon as possible after filing the report with the police, the student must provide a copy of the police report to the SciTech main office.

SciTech will investigate all incidents of laptops reported as lost and may refer such incidents to Pittsburgh School Police. Any theft, conspiracy to steal, or unauthorized sale of or conspiracy to sell a SciTech-owned laptop will be prosecuted to the fullest extent of the law.

If a laptop is destroyed or damaged and it is not deemed unintentional, students will be responsible for paying for damages or to replace the laptop. If the student refuses to pay the financial obligation, the student will be prosecuted to the fullest extent of the law. Judgments against students will be determined in a court of law and may include liability for cost of repairs or replacement of damaged school property.

SciTech reserves the right to decline to issue a replacement laptop if it determines, in its sole discretion, that the risk of loss or damage to the replacement laptop is unacceptable or the student is unable to handle the responsibility of following AUP. If a student’s laptop privilege is revoked; it is challenging for that student to succeed at SciTech. Following the revoking of laptop privileges will start an investigation into revoking a student’s magnet status.
