## SUSTAINABLE JUNK REMOVAL

Our core business, sustainable junk removal. Let our team do the work, no need to bring to the curb, we do it all! We endeavour to donate, recycle or responsibly dispose of 100% of your junk! Full home or business clear outs to single items pick ups!

## DE-CLUTTERING

Let us help you to reclaim your space, at your own pace. You either keep, donate or recycle your contents with our consultation and expert help. Those items that are left remaining are organized and arranged to create a fully functional living or working space.

## HOARDING REMEDIATION

We can help when acquired clutter prohibits functionality in the home, resulting in living conditions that are unsanitary, impractical and unsafe. All property and fire code violations plus eviction orders are remediated. Items of sentimental importance will be located while restoring living space to a functional and safe standard.

## LICENSED PEST CONTROL

Our team provides 24/7 discreet, start to finish service, all aspects of pest control are covered in full. Unlike other pest control companies, our team will;

- Arrange furniture for maximum exposure during extensive decontamination process
- Responsibly dispose of all contaminated items to avoid cross contamination
- Thoroughly inspect and treat contaminated areas of property
- Send all contaminated laundry to our 'Wash & Fold Heat Treatment Service'
- Deep clean the area upon confirmation of pest eradication / management

## ESTATE APPRAISALS

Estate Content Appraisal is required for all possessions of the deceased. Our comprehensive 4 step process conforms to all federal and provincial requirements.

1. All items are documented and photographed
2. Realistic market value is assigned using independent local experts
3. Personal documents are located & stored
4. Our property maintenance team clear & deep clean the estate

We are partnered with many charitable organizations, enabling us to give tax receipts for donated goods.

## DOWNSIZE & RELOCATION

Our end to end service covering all aspects of a clients move including;

- Decluttering
- Careful Packing
- Deep Cleaning & Staging
- Relocation
- Unpacking & Setup

Assisted living concepts, moving timetables and stage moving are all additional services provided to eliminate the stress of a one-day move

## GARBAGE & RECYCLING SERVICE

We provide robust garbage and single stream recycling receptacles, we also clean receptacles. Weekly, bi-weekly, and monthly pickups are available. Residential and commercial collection available, no job is too small! 24/7 availability, same day service available.

## COMMERCIAL CLEANING SERVICES

A full range of 100% organic and eco-friendly products available. There is no cleaning job too small or too big for our team of fully licensed, trained and insured industry experts.
