SUSTAINABLE JUNK REMOVAL

Our core business, sustainable junk removal. Let our team do the work, no need to bring to the curb, we do it all! We endeavour to donate, recycle or responsibly dispose of 100% of your junk!

DECLUTTERING

Let us help you to reclaim your space, at your own pace. You either keep, donate or recycle your contents with our consultation and expert help.

Those items that are left remaining are organized and arranged to create a fully functional living or working space.

EXTREME DECLUTTERING

We can help when acquired clutter prohibits functionality in the home, resulting in living conditions that are unsanitary, impractical and unsafe.

The team at UTP will provide support and create a trusting relationship, care for our client is paramount. Items of sentimental importance will be located while restoring living space to a functional and safe standard.

PEST CONTROL PREPARATION

Our team provides 24/7, rapid, discreet and professional service. This service is start to finish, all aspects of pest control are covered in full. Unlike other pest control companies, our team can;

- Arrange furniture for maximum exposure during extensive decontamination process
- Responsibly dispose of all contaminated items to avoid cross contamination
- Thoroughly inspect and treat contaminated areas of property
- Send all contaminated clothes and linens to our 'Wash & Fold Service'
- Deep clean & disinfect the treated area upon confirmation of pest eradication

DISINFECTION MISTING WITH COVID-19 KILL CLAIM

We are entering a new age of sanitization; are you ready? Can you provide a safely sanitized environment in your home or place of work?

Our revolutionary disinfectant solution kills 99.99% of viruses, bacteria, spores and mold on contact. Safe to use in your own home with limited PPE needed.

- Non-Toxic & Non-Corrosive
- Limited PPE Needed
- 100% Organic
- Eco-Friendly & Bio-degradable
- People, Child & Pet Safe
- Health Canada Approved
- 100x More Effective Than Bleach
- 1500x More Effective Than Alcohol

SARS-COVID-19 is considered an emerging pathogen, Health Canada regulations provide for approval, as long as the claims against emerging pathogens are subject to the following conditions;

The "Broad Spectrum Virucide" claim requires testing against any of Poliovirus type 1, Human Adenovirus type 5, Bovine Parvovirus or Canine Parvovirus. Health Canada considers these to be representative of hard to kill non-enveloped viruses.

Recent lab reports conducted showed a 99.99% effective kill against Canine Parvovirus, meaning our disinfection solution is an extremely effective against the Virus causing COVID-19.

ESTATE APPRAISALS

As of 2015, Estate Content Appraisal is required for all possessions of the deceased. Our comprehensive 4 step process conforms to all federal and provincial requirements.

1. All items are documented and photographed
2. Realistic market value is assigned using independent local experts
3. Personal documents are located & stored
4. Estate cleared & deep cleaned

Our experienced property maintenance team prepare the home for sale or use. We are proud to be partnered with Niagara Furniture Bank, enabling us to give tax receipts for donated goods.
