

Business Technology Forum

Artificial Intelligence is NOT going to replace us, it will merely advance those Agents who are able to best utilize it in their business practices.

- AI Tools for Real Estate:
 - Style to Design: virtual room staging.
 - Chat GPT, Bing AI, Good Bard, Open AI: helpful for writing listing descriptions, blog articles, social media content and more!
 - Canva.com: All you need! Social media creator, print creator, photo editor, video editor, AI “Magic Studio”.
 - App.leonardo.ai
 - App.artflow.ai
 - Durable Website Builder
 - Imglarger.com: enlarge & enhance images
 - Steve.ai: takes text on a website & turns it into movement.
 - Bhuman.ai: customizes video to multiple variables, for example you can record a general message and it will insert all 1,000 of your Clients names in the designated portion of the video to make it just for that Client.
 - Synthesia.io: Turns your text into a video.
 - Simplified.com: AI picture generator
 - Office 365 has an AI designer tool also.
