

NAETISL

NATIONAL ASSOCIATION OF EDUCATIONAL TRANSLATORS AND INTERPRETERS OF SPOKEN LANGUAGES

2024 Sessions

Expand your skills as a freelance interpreter or bilingual/multilingual school staff member collaborating with schools to provide interpretation services and promote family engagement. NAETISL offers a series of virtual courses with live sessions and independent work facilitated by a team of expert trainers and language mentors. Our courses focus on professional ethics and standards of practice, consecutive and

simultaneous interpreting skills, general and special education terminology, remote/hybrid interpreting, glossary-building activities, and opportunities for continuing education. The course series includes skill-building practice in small groups with language-specific mentors and expert guest speakers.
