## LOCATION

Virtual

## PRESENTERS

Dr. Tiffany Laschkewitsch,  
PSY D, LP, LADC

Dr. Kristin Williams,  
PH D, LPCC, LADC

## FROM START TO FINISH: INCORPORATING INTERNS EFFECTIVELY INTO YOUR TREATMENT

Training interns can be both a challenging and rewarding experience. Numerous factors affect training including selection of interns, training curriculum, culture of the organization, plus the student's own personal characteristics.

### In this presentation, participants will learn about the following areas:

Training tasks — steps to increase learning

Supervision — how to create strong, structured supervisory relationships

Challenges to training — how to overcome barriers and create solutions

## ABOUT THE PRESENTERS

**TIFFANY LASCHKEWITSCH, PSY D, LP, LADC**, Tiffany is a licensed psychologist and licensed alcohol and drug counselor who works as the Practicum Director at NUWAY. She obtained her bachelor's degree in psychology from St. Cloud State University, master's in Clinical Psychology with an emphasis in Marriage and Family Therapy, and psychology doctorate in Clinical Psychology from the Minnesota School of Professional Psychology at Argosy University-Twin Cities. In her career, she has worked as a treatment director, mental health services director, and training director in co-occurring programs within the substance abuse field. Her training includes sex offender assessment, therapy with college students, and working in a community mental health clinic in California.

**KRISTIN WILLIAMS, PH D, LPCC, LADC**, Kristin has her BA in Psychology and Sociology from University of Wisconsin – Madison, her MA in Counseling and Student Personnel Psychology from the University of Minnesota – Twin Cities, a certificate in Chemical Dependency Counseling from St. Cloud State University, and her PhD in Counselor Education and Supervision from Capella University. Kristin has worked in the co-occurring disorders field for over 15 years at various levels including program assistant, clinician, supervisor, trainer, director, and faculty member. She is a member of the MARRCH Ethics Committee and is on the advisory board for Minneapolis College Collegiate Recovery Program. She has presented at multiple state-wide conferences on co-occurring disorders, ethics, diversity, and supervision. She is also a Qualified Administrator for the Intercultural Development Inventory and a Trainer for Mental Health First Aid.
