Pizza With A Purpose

What is Pizza With A Purpose?

Pizza With A Purpose is our fundraising initiative. We at Donatos are looking to build long lasting relationships with community organizations.

We are offering the following community partnership:

- ~ One day / night where **20% of total net sales** will be given back to your organization.
- ~ No need for fliers, everyone will be included, even if they do not realize they are contributing.
- ~ Dissemination of your message and details of the event via one or more of the following:
 - ~ Our Social Media accounts with over 7,500 followers
 - ~ Provide a flyer to you for use to distribute to your members
 - ~ Our email list with over 30,000 active members
- ~ In addition, we can provide business cards to our guests to hand out with each order at no charge to you. However, we must have any wording and art to Christina two weeks in advance. **OR** we have provided business cards to distribute to your members.

The smallest act of kindness is worth more than the grandest intention.

~ Oscar Wilde

~ You may have guest servers attend and bring pizzas out to dining room guests.

~ We request that you make a serious effort to engage your members to participate in the event. The more people that order, the more money you will receive. Please tag us via FB and Instagram @eriedonatos on all mentions.
