**Our business is
protecting your business.**

We Listen. Your business depends on secure services.

We Understand. Your business depends on flexible solutions.

We Respond. Your business depends on reliable support.

We Partner. Your business depends on a trusted partner.

We Work for You

Our Services

Priorpoint offers a full suite of managed cloud and on-premises IT services providing exceptional reliability and maximum flexibility to your business while safeguarding your intellectual asset – data.

Managed Cloud & IT Services we provide...

- *Managed Cloud Computing*
- *Cloud Backup & Disaster Recovery*
- *Desktop as a Service*
- *IT Support—Help Desk*
- *Email Services*
- *Microsoft 365*

- *Managed Network*
- *Managed Servers & Desktop*
- *Managed Voice Services (VoIP)*
- *Security Awareness*
- *IT Consulting*

Using highly secure technology, we provide the most reliable cloud and on-premises IT services coupled with cloud backup and recovery systems to safeguard your business data. We own and operate "state of the art" data centers fully equipped and ready to service your IT, backup and disaster recovery needs.

Our Commitment

A family-owned business, Priorpoint has roots in IT dating back to the early 1990's. For over two decades now, our "best in class" managed IT services has meant cost effective, secure, and reliable solutions for businesses of all types and sizes. As knowledge leaders in the managed cloud & on-premises IT services market, we are well positioned with a wealth of expertise to assist you in developing an IT services solution that supports the day to day and future needs of your business.

Our commitment to excellence is to ensure we give our customers "peace of mind."

Making IT Easy for You

We understand success is dependent on the quality of our team.

Providing an IT service solution tailored to your business, with a focus on responsiveness, flexibility, and protection, delivering day after day, is what we do.

Our team of experts are ready to work with you to design, plan and implement a seamless and secure solution specific to your business needs.

"We learn your needs and align them with the correct solution sets and tools to deliver a higher level of service. We work for you."

—Jason Casey, CEO Priorpoint

Benefits of Working with Us

Capitalize on our Expertise

Using our collective understanding and knowledge, you have assurance that your current and future IT needs stay aligned with the next generations of technologies.

Safeguard Your Business

Mitigating risks for loss of data is critical. We work with you to replicate, restore, and recover from any potential data loss situation.

Worry-free IT Management

We take the worry out of technical issues, help plan and design, and assist in optimizing your technology so you can focus on your business.

Utilize Our IT Department

Whether we are your IT department or if we augment your talented team, our role is to help manage any issues, in any area, at any time. You can depend on us 24/7/365.

Access to Knowledge

With our collective years of experience, You have access to the latest IT knowledge and resources to ensure your company remains in the forefront. And the best part - cost effectively.

Going Beyond

As technology continuously evolves, continued success requires agility. We will embrace the future together and exceed expectations.
