\_\_\_\_\_  
*Watercraft Type (Pontoon, fishing boat, Jet Ski, etc.)*

\_\_\_\_\_  
*Watercraft Owner's Signature/Date*

**CHELAQUE MARINA GUIDELINES**

Due to our insurance restrictions and the limited number of Marina slips available, it is required that the following provisions be implemented and adhered to by all lot owners and their guests using the Chelaque Marina. We would appreciate your cooperation and look forward to helping all enjoy the upcoming boating season.

1. OPERATING PROVISIONS:
  - a. Marina lights will be controlled by an automatic timer that the lot owner turns on or off. To reset the timer, switch to OFF then switch to ON. The timer automatically turns off in 90 minutes. You may reset the timer as many times as is necessary. Please turn the timer to OFF if you are the last person to leave the Marina.
2. USER GUIDELINES:
  - a. For purposes of this document, watercraft is defined as a boat, Jet Ski, sail boat or other powered or unpowered vehicle intended to float.
  - b. Registration of all watercraft must be completed and received by the Marina Committee prior to docking at the Chelaque Marina. Registration and docking of more than one craft will depend on available dock space.
  - c. The property owner is responsible for registration of their guest's watercraft. Guest's watercraft will only be allowed to occupy a slip if one is available, and occupancy will be restricted to four (4) days unless otherwise indicated.
  - d. Under normal circumstances, no more than one craft should be registered for a guest.
  - e. Owners of watercraft are responsible for all insurance requirements necessary to cover damage to the Chelaque Marina and/or any of the Chelaque Marina slips. The Homeowners' Association will not be responsible for damage to or theft from any watercraft docked at the Marina.
  - f. All watercraft trailers parked in short term or long term parking must have the owner's name on trailer.
  - g. Houseboats may not be docked at the Chelaque Marina for living purposes.
  - h. Please remove all of your trash. There are no marina trash receptacles provided.
3. SAFETY PROVISIONS:
  - a. Please observe all posted safety signs.
  - b. Observe a no wake zone 100 feet outside the perimeter of the trash boom, through the entrance and throughout the area enclosed by the trash boom, even though it may not be posted.
  - c. Do not swim or dive at the Marina. Dangerous electric shock and underwater hazards may exist.
  - d. No alcoholic beverages may be consumed at the Chelaque Marina.
  - e. Please do not allow children to run on Chelaque Marina walkways.
  - f. If you see a buoy or buoys floating in the Marina area, please stay clear. The buoys mark the weights to which the Marina and trash boom are secured.
