# *Our chance to make a difference is NOW!*

*We've had a summer "break" from our General meetings, but we've been busy!*

*Thank you to Janet Gardner for coordinating the 17 days of manning the Sac GOP Booth at the State Fair and to all of you who joined us during our SRWF Volunteer days. It was very exciting to see the enthusiasm of those flocking to our booth eager to get gear and ideas for the upcoming election.*

*Several of us attended the CFRW Summer Conference in Sacramento and as always got new information and ideas from others attending and heard great speakers. Congressman Tom McClintock gave an excellent presentation on what's at stake in the upcoming election, the contrast between what Republicans are offering vs. Democrats and why he is wholeheartedly recommending Donald J. Trump for President. He said - "When Donald Trump left office, our border was secure, the world was at peace, and America was energy independent for the first time in our lifetimes. Gasoline averaged \$2.39/gallon, inflation was 1.4%, and a 30 year mortgage cost 1.9%. We had won one of the largest tax cuts in American history and the biggest rollback of regulations. And before the lock down leftists took a wrecking ball to our lives, these policies produced the lowest unemployment rate in 50 years, the lowest poverty rate in 60 years and the fastest wage growth in 40 years."*

*"In just 3 years, they've made a mockery of the most fundamental values our nation was founded upon."*

*"And if they take the White House and a majority of the House and Senate, they have explicitly vowed by this time next year to Pack the Senate with new Democratic states like Washington DC*

*\*Pack the Supreme Court with new Leftist justices*

*\*Bypass the Electoral College with a compact of states  
Rig the election laws as they have in California, and*

*\*Keep our borders wide open as millions of foreign nationals are given the right to vote"*

*That would be game, set and match for our country. There would be no coming back from that. On that day, the American Republic will pass into history".*

*These are emphatic points to share with people before they vote. I also urge you to share the 20 Republican Promises included in the Newsletter from the RNC Convention which clearly spell out what we will do if we take back our country.*

***Yes, we're busy, and we're going to stay that way every day until the November 5 elections because we know what's at stake and that if each of us does our part to inform and engage voters, we can ensure our American Republic stands strong!***

***Thank you for efforts thus far and for these critical days ahead. God Bless America!***

9. End the weaponization of government against the American people;
10. Stop the migrant crime epidemic, demolish the foreign drug cartels, crush gang violence, and lock up violent offenders;
11. Rebuild our cities, including Washington, D.C., making them safe, clean, and beautiful again;
12. Strengthen and modernize our military, making it, without question, the strongest and most powerful in the world;
