

# What do people find when they go looking online for your business?

It's no secret that people turn to search engines like Google to get more information about the businesses they're investigating. Let's take a look at some of the things that may show up on a search engine results page, or SERP, when someone searches for a business by name:

- Paid ads
- Organic (non-paid) search results
- Google My Business listing
- Social media accounts
- Reviews
- Info from other sites

Example using "Constant Contact" as the search term
