Chris Brown, ATCOG Executive Director, provided information to the board members regarding eligible and ineligible activities associated with reimbursement from the TWDB grant funds, specifically relating to the procurement of consultants. Chris also provided an overview of the proposed scoring criteria and announced that the RFQ would be published in several newspapers located throughout the region. Brief discussion took place among the board members relating to some specific language in the RFQ which needed to be amended.

Laura-Ashley Overdyke asked Chris Brown to consider publishing the RFQ announcement in the Marshall, Texas newspaper, as well. Chris stated that ATCOG would add this newspaper to the list and then provided a timeline for publishing the RFQ announcement and selection of a technical consultant. Reeves Hayter stated that the Lower Red-Sulphur-Cypress RFPG needs to have the technical consultant on board, with an executed contract by May 30, 2021 in order to stay on schedule. Clark Crandall asked

how many proposals would be submitted for review and Reeves stated that approximately 5 proposals would likely be submitted. Joseph Weir recommended that a sub-committee, comprised of Reeves Hayter, Greg Carter and Chris Brown be appointed to review all of the proposals submitted, prior to being reviewed by the full board for selection of a technical consultant. Laura-Ashley Overdyke asked Reeves, how many proposals would be reviewed by the full board and Reeves stated that 3 proposals would be selected for final consideration. Greg Carter then stated that he agreed with the 3 member sub-committee, as recommended and asked if anyone else would like to volunteer to serve on the sub-committee. - a) **ATCOG/TWDB Group Sponsor Contract**
- b) **Contact with the US Army Corps of Engineers for appointment to new, non-voting member position**
- c) **[www.texasfloodregion2.org](http://www.texasfloodregion2.org) website development**

Reeves Hayter handed this item off to Chris Brown who discussed the status of the contract between ATCOG and TWDB. Chris stated that coordination was ongoing with Anita Machiavello at the TWDB to ensure compliance with all of the rules and regulations. Brief discussion took place among the board members.

Chris Brown announced that ATCOG has drafted letters requesting feedback from the US Army Corps of Engineers in both the Fort Worth and Tulsa Districts to appoint a representative to serve as a non-voting member of the board, at the request of the Lower Red-Sulphur-Cypress Regional Flood Planning Group.

Chris Brown then provided the board members with a link to the new Lower Red-Sulphur-Cypress Regional Flood Planning Group website and conducted a brief screen-sharing presentation, showing the website. Chris asked the board members for any ideas or input that they may want to add to the website as the flood planning process moves forward.

Laura-Ashley Overdyke asked Chris to inform the board members regarding the status of these certificates prior to the next meeting.

**AGENDA ITEM NO. 10: Consider date and agenda items for next meeting**

Reeves Hayter opened the floor up for discussion and stated that he would like to schedule the next meeting on Thursday, March 4, 2021 at 2:00pm via webinar/teleconference. The board members agreed that the first Thursday of each month at 2:00pm was an appropriate time to schedule the initial meetings. Reeves stated that the technical consultants would be conducting presentations at the April meeting, which may take several hours. Brief discussion took place among the board members and all were in agreement with the suggestions.

Reeves Hayter asked the board members if there were any other suggestions or topics for the next meeting agenda. Chris Brown and Greg Carter briefly discussed selecting alternates for the existing board members, in the event of an unexpected absence.
