

# WE ARE HIRING!

We're looking for someone to join our team as a

**SOLAR INSTALLER**

We are looking for a Solar Installer to join our team. The ideal candidate will have experience in the installation of solar systems, including both residential and commercial projects. The successful candidate will be responsible for the installation of solar panels, wiring, and other components, as well as the maintenance and troubleshooting of existing systems. This is an excellent opportunity for a motivated individual to join a fast-growing industry and make a positive impact on the environment.

## **Description:**

This job will require working outside in varying weather conditions. There is work from ladders, scaffolds, and roofs to install, maintain or repair electrical wiring, equipment, and fixtures. There may be times when work is required in a small confined space, including attics and crawl spaces.

This position requires the moving of the entire body for standing, climbing, lifting, walking, balancing, twisting, stooping, reaching, and handling various materials. Excellent hand-eye coordination is a necessity in this position to grasp, manipulate, or assemble items. This position requires the lifting and carrying of up to 50 pounds, without assistance.

APOLLO  
SOLAR
