**Size:**

Head circumference to nearest ¼ inch: \_\_\_\_\_. Measure at eyebrow level using a soft measuring tape or non-stretch string. Measure at least twice to ensure the measurement is correct.

- Loose fit - if you prefer a loose fitting hat or want to wear a ball cap under your fur hat you may want to choose loose fit
- Regular fit - if you prefer to have minimal extra space in your hat, select regular fit

**Lining:** For the hat lining I use merino wool underlined with boiled wool. Merino wool against the skin is soft, absorbent and odor resistant, the boiled wool underlining adds additional insulation and cushion.

**Please list quantity and type of pelts provided:** \_\_\_\_\_

Pelts must be professionally tanned and in good condition. A few small (quarter size or smaller) holes are acceptable. There will be an additional charge for time spent on repairs of excessive or large holes. Pelts must not be overfleshed. I do not work with vintage pelts. Extra pelts and scraps will be returned with finished items. If you want earmuffs or koozies made, I will let you know how many can be made after your main items are finished.
