

# **Timber Frame Workshop at the Timber Framing Learning Center of Western North Carolina**

**September 8-13, 2025**

**Intro:** Nothing says “I can’t wait for Fall” like a burn barrel full of pine off cuts and shavings! Hours of the class will be 8-5 each day, with 30 minutes to enjoy home cooked lunches, courtesy of my wife Becky! Click [here](#) for course curriculum.

**Instructors:** Dan Flinn of Hendersonville, NC. If we receive 6 or more registrations, another instructor will be added to maintain below a 1:5 student/teacher ratio

**Location:** 1132 Old Fort Rd, Fairview, NC 28730. A small town in western NC, conveniently located near Asheville and Black Mountain, NC

**Skills to be taught:** Using square rule layout, we will teach plan reading, cutting the basic mortise and tenon joint, brace pockets, and fit-up and raising principles. You will have the opportunity to cut every joint in the frame. There is a sawmill onsite, so we can chat about milling. There will be a discussion on tool sharpening, as well. Dan just completed a Lumber Grading course, so there will be info on that topic, as well! Don't have all the tools? No worries, we have tools to lend!

**Lodging:** There are several options for Lodging. I can accommodate (1) 30 amp hook up with water, no sewer. The parking lot is gravel, but there is space to tent camp or park a van, etc. There is a clean shower in the shop available for use. On-site camping is free! Check out Airbnb for local deals! Also, there are many hotels in Asheville and Black Mountain.

**Cost:** 6-day Timber frame class: \$1,300, but register with paid deposit by July, 2025 and save \$100! Also, 'bring a friend' and save \$50 on the second registration! We welcome 'non-participating' partners for \$100 to cover the cost of lunch.

**The Project:** The projects are to be determined. Do you have a small project in mind? Let us build it during the class! Otherwise, we'll be doing a 12'x16' frame from eastern white pine on a floor system with sills. This frame will be offered at a discounted price to class participants

**Class size:** There is space for 12 students in this workshop.

**Contact info:** If you have questions about logistics, lodging, food, etc. Feel free to email, text, or call Dan Flinn at [quarryviewwoodworks@gmail.com](mailto:quarryviewwoodworks@gmail.com) or 828-243-4320.

**Click 'Register' below to register for this workshop!**
