

Timber Frame Workshop at the Timber Framing Learning Center of Western North Carolina

June 3-8, 2024

Intro: Nothing says “hello summer” like a giant pine of pine shavings! Hours of the class will be 8-5 each day, with 30 minutes to enjoy home cooked lunches!

Instructors: Jim Rogers of Sneads Ferry, NC. And Dan Flinn of Hendersonville, NC.

Location: 1132 Old Fort Rd, Fairview, NC 28730. A small town in western NC, Conveniently located near Asheville and Black Mountain, NC

Skills to be taught: Using square rule layout, Jim and Dan will teach the basic mortise and tenon joint, brace pockets, peg hole draw boring, scarf joint layout and cutting, and fit-up testing and raising principles. Also, Jim will show how to keep track of joint cutting processes and plan reading. As a bonus, Jim will throw in all his timber framing stories for free!

Lodging: We work with local hotels for discounted rates, also, limited camping options on-site available.

Cost: 6-day Timber frame class: \$1,050, but register with paid deposit by May 3rd, 2024 and save \$100! Also, ‘bring a friend’ and save \$100 on the second registration!

The project: Not yet finalized, but most likely a 12’x16’ shed

Class size: There is room for 12 students in this workshop.

Contact info: If you have questions about logistics, lodging, food, etc., feel free to email, text, or call: Dan Flinn at imintotrees@gmail.com 828-243-4320 Please send Jim questions concerning the class itself. Jim Rogers: jrsawmill@verizon.net.
