Nestled below the Pitons, twin peaks rising over 2,600 feet above the azure waters of the Caribbean, St. Lucia is an oasis of tropical calm. The island's capital, Castries, is a town of charming, pastel colored colonial buildings, home to some 60,000. Yet despite its peaceful setting, St. Lucia has a turbulent and colorful history. Fierce Carib warriors overran the peaceful Arawaks in the 9th century. The first European settler, Francois Le Clerc, was a French buccaneer. Le Clerc's countrymen followed in his wake, establishing the town of Soufriere in 1746. Sugar was the lure, sugar was king. Within four decades some 50 plantations flourished on the island. Thus St. Lucia became part of the Caribbean's 18th-century trade triangle of sugar, slavery, and rum. Today this beautiful island welcomes visitors drawn to its exotic tropical landscape, superb beaches, crystalline waters, and colorful marine life.

Barbados is one of the few Caribbean islands solely colonized by one nation. It's no wonder Bajans describe their country as "being *more* English than England sheself".

Surnames like Worthing and Hastings abound. But look around and you know you're not in England: rich and fertile tropical fields meet a glistening, azure sea.

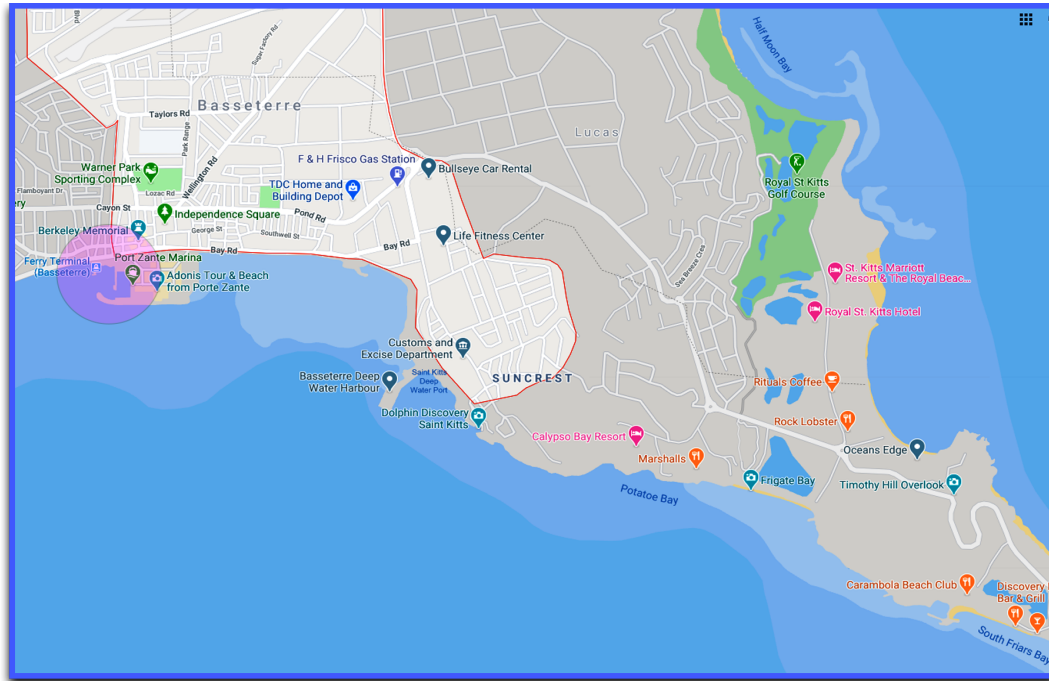

The soft pastels of old chattel houses blend with the vibrant reds, oranges, and greens of roadside fruit stands. In short, Barbados exudes a charm all its own. Perhaps it is due to Bajan culture, that celebrated blend of English tradition and the African heritage brought to the island by slaves imported to work the sugar plantations.

The potent brew which results... flavors every aspect of island life, from music, dance and art, to religion, language and food. Especially Food.

St. Kitts Scenic Railway

Sightsee by land and sea. Hop aboard a historic train for a unique island view. Then, board a catamaran and sail along the coast past Brimstone Hill, the green slopes of Mount Liamuiga, Old Road, and Bloody Point, where the French and British joined to defeat the Carib Indians in 1626.

Jagged volcanoes soaring above azure and turquoise seas... dense rainforests in myriad shades of green... rolling fields of sugarcane... welcome you to St. Kitts.

Along with its neighbor, Nevis, St. Kitts presents an exotic landscape more common to Polynesia than the Caribbean. The islands' terrain, rich soil, and climate made them ideal locations for raising sugarcane. In fact, St. Kitts and Nevis were once the crown jewels of the Caribbean. During the 17th and 18th centuries, Spain, France and England vied for control of the islands, with the English finally winning out in 1787. Today, British and French heritage is evident on both islands.

Basseterre, the capital of St. Kitts, boasts fine, restored colonial buildings.

This is a MedallionClass Cruise

Your Princess MedallionClass™ vacation takes service to the next level with unique experiences that help you get more from your vacation. **It all begins with your OceanMedallion, a quarter-sized, wearable device that enables everything from Expedited Boarding, to the ability to locate your friends and loved ones around the ship, to whatever you need, like drinks delivered to you in the pool, at a venue or directly to your hot tub!**

Ocean Medallion FAQs

[Can I wear my Medallion in the pool?](#)

Yes, the Medallion is waterproof, and heat, sand and salt resistant.

[Is there a way to wear my Medallion other than the lanyard?](#)

Absolutely. You can choose from a variety of accessories, such as sports bands, clips, pendants and bracelets. Order them for yourself and your travel party now through the OceanReady® section of the MedallionClass app, or purchase them on board at OceanFront™.

[What if I don't have a smartphone or don't want to use it?](#)

A phone or mobile device is not necessary for MedallionClass experiences. Most digital features of the apps are also available from touchscreen portals found throughout the ship as well as on your stateroom TV.

[What happens if I lose my Medallion?](#)

If a guest notifies the crew of a lost Medallion, it will be disabled and replaced at no cost. For security of purchase transactions, each Medallion is associated with a guest profile that contains their onboard security photo. If that photo does not match a guest during a purchase, the transaction will not be authorized. The Medallion contains no personal information but transmits an encrypted guest ID to the Ocean guest experience platform.

[Is there anything else I need to know about my Medallion?](#)

Just be sure to keep it with you at all times. In addition to unlocking a world of unique experiences, it also unlocks your Enchanted Princess stateroom door, and is used to make purchases on board. No more Key-Cards getting demagnetized or having to mess around with lost key cards.

So Many Interesting Places to Relax and Unwind

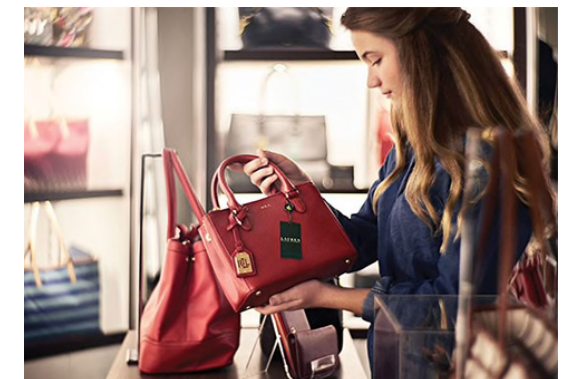

Take a cool dip and lounge by a shimmering pool, or soak away the day's adventures in a soothing hot tub. On Enchanted Princess you'll find refreshing new opportunities for aquatic relaxation. In addition to more spa

tubs, the ship has two deep-tank pools. At the ship's aft end, the infinity-style Wake-View Pool and Bar offer spectacular views of the horizon.

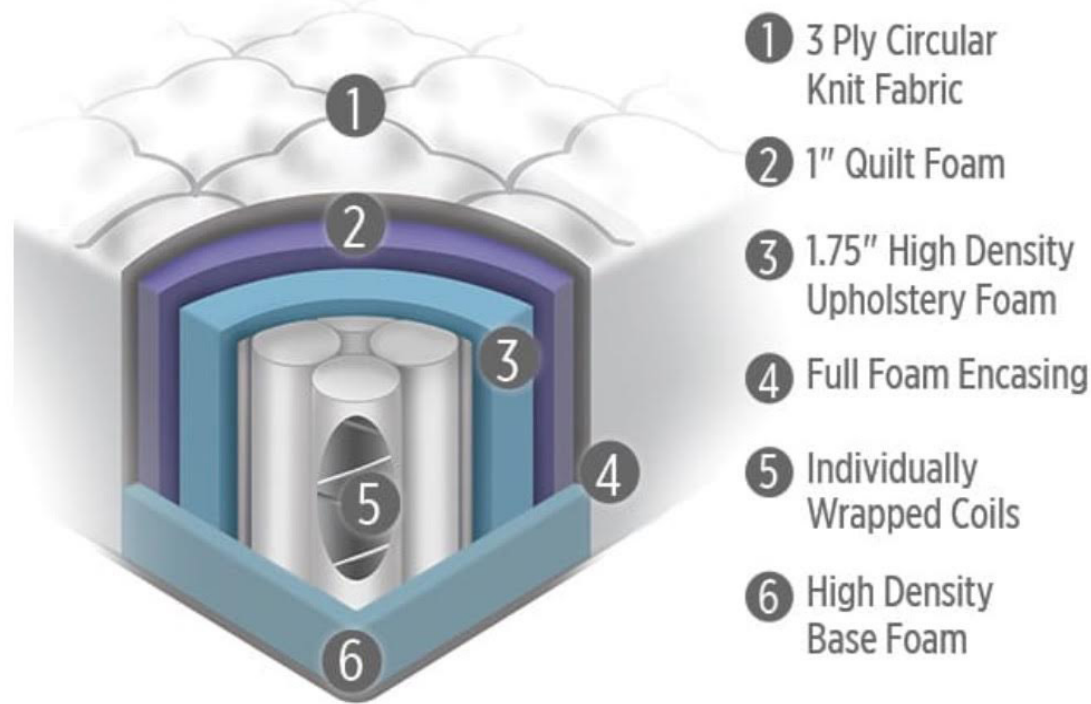

Tax and Duty-Free Shopping

It is no surprise that [The Shops](#) are awarded **"Best Onboard Shopping"** from [Porthole Magazine](#) year after year. On board, you'll find a fabulous range of fine merchandise from brands like [Swarovski](#), [Chanel](#), [Estée Lauder](#), [Clinique](#), [Lancôme](#), [Calvin Klein](#), [Citizen](#) and [Tissot](#), plus local crafts, keepsakes and souvenirs. Every day tax and duty-free savings can add up to as much as 30% off suggested U.S. retail prices.

The Only Jazz Theater at Sea is on Princess Cruises

Relive the roots of jazz each evening with a live trio performing brilliant classics and telling tales of true jazz legends throughout the ages. [Take 5](#) comes to life showcasing vintage footage, iconic imagery and intimate conversations that transport you to the

heart of the jazz era. Join in on a salsa class during the day, and then swing your hips to the fiery rhythms of Afro-Cuban jazz at night as you sip cocktail favorites from a Master Mixologist.

The Nautical Signal Flags

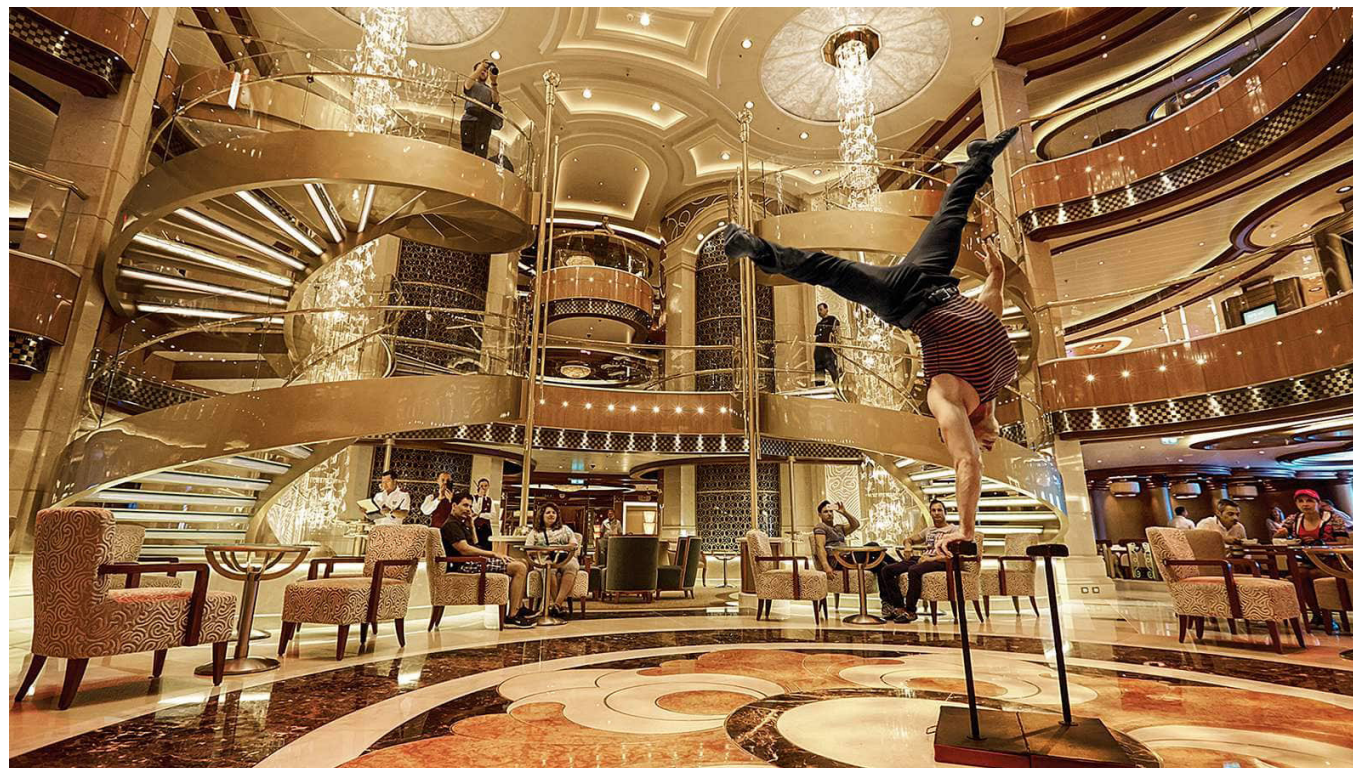

Have you noticed the Nautical Signal Flags as a part of this cruise? They spell out the word **FOODIE**. Ships carry one of each flag (*it would be too expensive to have so many duplicate flags*) so the triangular flags are repeater flags. The letter that we are duplicating is “O” and it is the second letter in our word, so we used the “second repeating flag” and that’s why one of the flags looks different.

Broadway-style Productions at Sea

With dazzling stage sets, artists from around the globe, modern hits and timeless classics, the [Princess Theater](#), their largest theater yet, showcases lavish, original productions with dynamic cast members in sumptuous surroundings. In this ultramodern theater, relax in a plush seat with unobstructed sight lines as the velvet curtain goes up, a state-of-the-art lighting system illuminates the stage, and it’s on with the show!

Take a Stroll Through the European-Style Piazza

Discover Old World charm as you stroll through Enchanted Princess' breathtaking [Piazza](#)... a hub of activity, inspired by the vibrant squares of Europe. Roving street performers, quaint boutiques, a spiral staircase and several glass-walled elevators provide panoramic views of the "*heart of the ship*". Visit the [International Café](#) for gourmet coffees, or marvel at the wine selection at [Vines](#), voted one of the "*Best Wine Bars at Sea*," by USA Today.

Top Notch Entertainment and Crafted Cocktails

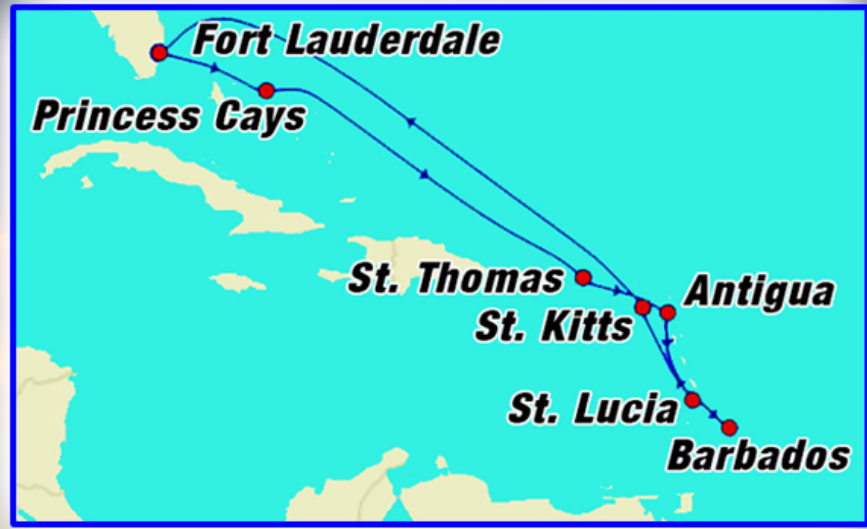

The newly re-designed [Vista Lounge](#) at the aft of Enchanted Princess features

an endless variety of world-class entertainers on stage each night... from **Live Bands** and **Comedians** to **Illusionists** and **Musicians**. Grab an expertly crafted cocktail and a spot in an intimate nook

for the perfect place to relax, unwind and enjoy quality time with friends and family. There are 16 **Mahjong Tables**, some featuring advanced technology.
