

# PROJECT ENGAGEMENT MANAGEMENT

Improve project management performance and effectiveness.

**Gain essential skills** to manage your projects effectively and increase business profitability.

**A two-day training content that covers the skills needed for engaging effectively with key individuals and groups critical to project success.**

## OVERVIEW

Successful project management requires effective coordination of People, Processes and Tools. This course enhances people skills by providing insights into stakeholder behaviour.

## DURATION & FORMAT

Interactive team activities, exercises and discussions to cover the skills needed for engaging effectively with key individuals and groups critical to project success.

Course participants will apply the acquired skills and tools in their actual projects.

## COURSE BENEFITS

- ✓ Greater awareness of the environmental and human factors influencing projects.
- ✓ Awareness of the critical need for early stakeholder identification.
- ✓ Identification of personal development needs to enhance desired traits.
- ✓ Insight into the direct link between personality traits and project success.
- ✓ Appreciation of the root causes underlying stakeholder behaviour.
- ✓ Effective methods to sustain positive project relationships.
- ✓ Approaches to managing difficult, sensitive situations.
- ✓ Understanding of team dynamics and behaviour.
