

Blake Thermal Sales & Service, Inc. - Announcement
Formerly Blake Equipment

January 6, 2022

To Our Valued Customers,

We are excited to announce the creation of Blake Thermal Sales & Service, Inc.

Since 1927, Blake Equipment has been a leader in the sales and service of steam and hot water solutions. The Blake Group expanded rapidly beginning in the early and mid-90's to become a leading distributor of water systems products as well, making Blake Equipment a full service specialty distributor and manufacturer's representative of water and thermal energy solutions.

As of January 1, 2022 Blake Equipment was sold to Headwater Companies, a national company focused on the water wholesale distribution business. As a result, the assets and operations of Blake's boiler business have been carved out to create Blake Thermal Sales & Service, Inc. Blake Thermal will focus on being your trusted expert in steam and hot water solutions.

What this means to you, our valued customers:

Blake Thermal Sales & Service, Inc. will be led by Fred Cuda, continuing the tradition of ownership by the Cuda family since 1967. Blake Thermal has retained all existing service operations from the Blake Group. There will be no change in our primary relationship team for your steam or hot water needs. Our service technicians, sales staff, and internal support have joined us, so there will be no interruption in your services. Additionally, we remain the only authorized Cleaver Brooks sales and service representative in your area, and continue to represent our other great manufacturers to serve your needs and provide steam and hot water solutions.

With the move to Blake Thermal Sales & Service, Inc., our leadership is now focused exclusively on the thermal business. The great service that we currently provide to you will only improve, and our ability to provide solutions will grow in the future.

Thank you for being a loyal customer and we look forward to continuing to serve you and all of your thermal energy needs.

Sincerely,
Your Blake Thermal Sales & Service Team
