## STUDENTS MUST READ AND UNDERSTAND THE BASIC SCHOOL RULES.

1. **Stay home if you're sick:** Don't leave your home until you're fully recovered. Take the time to rest and recover. Doing so will protect your training partners from whatever is preventing you from being at full health.
2. All training and talking must cease when the instructor call's **TIME**. This is for everyone's safety!
3. Show up on time and ready to train!
4. No training with outside shoes on the mats. (Any athletic non-creat shoes you *only* wear on the mats is acceptable. Barefoot is also acceptable.)
5. Remove jewelry, watches, or anything that could harm you, the equipment or your partner.
6. Come prepared. Bring water and your safety gear with you, including your mouth guard, groin protector, boxing gloves (if required), shin guards (if required), and any additional safety equipment (inhaler, insulin, knee braces, etc.). Some training gears are also available for use at the gym.
7. Do not talk over instruction. Leave cell phones in the waiting area.
8. Do not take pictures or video during class without the instructor's permission.
9. Wipe down and re-rack gym equipment after every class.
10. Use your newfound skills and abilities for good, not evil. Do not bully, start fights, or otherwise **NO FIGHTING OUTSIDE THE GYM**.
11. No weapons of any kind on the mats.
