PM READY YOUTH MENTORSHIP PROGRAM

UPCOMING EVENTS IN FEBRUARY

JOIN OUR CAUSE
On January 30, 2024, the United Nations held the 2024 Partnership Forum of the Economic and Social Council (ECOSOC) at the United Nations Headquarters in New York. The Forum focused on the theme of “Reinforcing the 2030 Agenda and eradicating poverty in times of multiple crises: the effective delivery of sustainable, resilient and innovative solutions”.

PM Ready advocates the Sustainable Development Goals and particularly promotes SDG #17, “Partnerships for global goals.”

We invite partnerships and collaboration from schools, corporations, community centers, youth-facing organizations, and local businesses to work on social impact and youth empowerment initiatives. Through virtual events, youth mentorship program, student competitions and camps, PM Ready will inspire and prepare youth affiliated with your organizations to think globally and act locally. Together, we can make local and global impacts.

PM Ready founder Evelyn Chao talked about SDG#17 “Partnerships for global goals” at a side event at the Forum.

This is an inspirational talk about transforming chaos into harmony in your household and achieving your family goals—together!

Former Ritz-Carlton project manager Hilary Kinney shared how to apply decades of proven project management experience to parenting, helping busy families get organized, strengthen relationships, and reduce stress.

Through discussing pain points from both parent and student perspectives, Hilary showed the audience how a powerful set of techniques, tools, and exercises used to manage complex, time-pressed business projects for Fortune 500 companies could also work in the home.

Announcing PM Ready Youth Mentorship Program

Program Overview
The Youth Project Mentorship Program is designed to help students (aged 12-17) develop project management, leadership, and entrepreneurship skills. It provides guidance for students to start or manage a community service project during any phase of the project cycle from ideation to completion.

PM Ready will match individual students with Project Management Institute (PMI)-certified project professionals or experienced project managers. Throughout the mentoring process, project professionals and managers help students establish goals and develop the skills to deliver a project result that brings meaning to students themselves and their communities.
