

DON'T YOU TELL ME WHO TO LOVE, EVER!!!

Love to love
Is to love
At least your love
Will set you free

Love is love
If you love
At least your love
Will let you feel

If you love
At least your heart
Has let your heart
Feel with your heart

Who you love
With your heart
Has let your heart
Let you feel

Just your heart
Only your heart
Let you feel
Who ever your heart

Let no one
Tell your heart
Who your heart
Should love your heart

Love is love
Across all hearts
Fly all flags
Sail all ships
