

Dear ACA PreK-8th grade Families,

On **Monday, September 9**, our ACA PreK-8th graders will start the **10th annual Mustang Mini Marathon!** The earnings from this event will go towards helping the improvement of our campuses (PreK-8 and High School). We are looking to launch an outdoor fitness course. As well as funds to help PACS sponsor all the fun events through the year. This is just the start of some exciting items that we have the opportunity to support and raise money for.

There will also be opportunities for families/businesses to sponsor one of the stations include with a thank you plaque.

We encourage **ALL** families to participate by sharing the sponsorship sheet with relatives, friends, and neighbors.

(Sample)

This is our **BIGGEST** fundraiser for Addenbrooke so let's make it a successful one!!

In the past, we have helped furnish our libraries, purchased the flag poles, created an outside learning area, provided a new sound system, pergola, gaga pits and curtaining for the gym just to name a few.

Our ACA goal: \$30,000 raised this year. HELP MAKE THIS HAPPEN!!
