

**Kingman Cares**  
Food Insecure Program

Kingman Cares accepts referrals for the food insecure. Through this program we will deliver food in partnership with local churches. This is a service for the homebound with no access to getting food from the food bank or from the store.

These are not prepared meals. We work with different churches and with the food bank to get the food and to deliver it to those in need. While working with those are food insecure we will work with them to secure other options. Referrals to WACOG for MEALS ON WHEELS. Helping individual get food ordered and delivered, assist with an application for Food Stamps.
