## **What Makes Safety Seal® Different?**

The world's best on the wheel tire repair system safety seal is superior to any other on the wheel repair tyre repair on the market today!

**Tested to International standards to 200 Km per hour.**

- 24 plies of a custom-made high-tensile (160kg break strength) chemical-resistant nylon yarn
- Each yarn is immersed in our unique proprietary rubber sealant system - 250% rubber to yarn
- Our patented manufacturing process assures the final Safety Seal repair has an equal amount of rubber sealant (250% rubber to yarn) through-out the Safety Seal Repair
- Superior tools to aid in the proper insertion of the Safety Seal repair into the puncture

For over 50 years we have been the #1 choice for tyre repair kits in the world.
