## Spring into May

The weather is warming up, and the days are getting longer! There may still be a chill in the air, but it's almost time to start planting warm weather veg, and lucky for us: our full line of vegetables will be available this month!

We're proud to offer varieties of all your favorites, including over 25 types of peppers, from sweet to spicy, and over 25 varieties of tomatoes. It's always fun to try something different, and there's nothing like picking your summer cookout veggies straight from the garden.

While you're dreaming of those summer salads and delicious treats, don't forget to check out our herbs, flowers, succulents, soil, soil amendments, and so much more. If you're looking for something special, please feel welcome to ask! And as always, we're happy to create custom container arrangements, and give you tips on how to create your perfect home garden.

Remember to save the date (see image on left) and join us in discussing everything about tomatoes! Ian is looking forward to sharing his knowledge with you and helping you to grow your own healthy tomato plants.

With Mother's Day coming up on the 12th, don't forget to stop in for (or with!) Mom. Unsure of what to buy? Grab a gift certificate (in-store only). Shop on Mother's Day and all moms receive a free geranium as an extra thank you for all they do!

**WE LOOK FORWARD TO SEEING YOU SOON!**
