Lab & Pathology Billing

Dear Patient,

There are several new laboratory providers in the Las Vegas area. Each bill independently for their services, which are separate from the services of Las Vegas OB/GYN Women's Care.

Insurance carriers may have exclusive contracts with certain labs and it is necessary for you to inform us which lab your insurance company covers. This is important so that you avoid being billed by non-contracted labs at higher costs. Any billing concerns should be directed to the appropriate lab provider. You must initial on the line next to the lab you wish to be used.

_____ Quest Diagnostics/APL
_____ Lab Corp.
_____ LMC Lab
_____ CPL
_____ Other _____

Please sign below in acknowledgment of the above

Thank you
