

## MAKE A REINDEER

### WHAT YOU WILL NEED:

- 2 empty toilet tissue rolls
- 1 brown pipe cleaner
- 1 red or brown pompom
- 4 sticks from your yard cut about the same length
- 2 googly eyes
- 1 sheet of brown construction paper (or brown paint)
- Scissors, glue (or a glue gun if a grown up is helping you)

FIRST - Cut one toilet tissue roll in half. Keep one half and discard the other.

NEXT - Measure and cut the brown construction paper to fit the toilet tissue rolls. Use glue to completely cover the rolls with construction paper. (Or, if you choose, paint the rolls brown and allow them to dry completely).

THEN - Have a grown up help you poke 4 holes in the bottom of the longer roll where the legs will go and 1 hole on the top of the shorter roll where the antlers will go.

THEN - Place 1 stick in each of the 4 bottom holes, and have a grown up help you hot glue them in place to be the reindeer's legs.

NEXT - Bend the pipe cleaner in half like a letter V and shape it to look like antlers. Place the pointy end into the hole in the top of the smaller roll. Have a grown up help you hot glue them in place.

FINALLY - Glue the pompom and googly eyes in place for the nose and eyes.
