HUMOR ASSOCIATION

**IMPROV PERFORMANCE
& TRAINING WORKSHOPS**

ABOUT US

Humor Association offers client-specific improvisational workshops and training in conjunction with custom-designed improv technology. It is our goal to provide learning exercises intended to provide employees the ability to handle everyday situations with success. Our objective is to better workplace culture and improve guest engagement through five means: enhance creative thinking, cultivate leadership, solve problems with efficiency, make quick decisions with conviction and adapt to change quickly.

Immerse yourself in the rewarding culture of humor and positivity.

ABOUT OUR SERVICES

CORPORATE TRAINING

Our curriculum is specifically tailored to your corporate work structure and culture. We create an atmosphere that improves your team's organizational development & leadership skills through collaboration and improv techniques. In addition to learning traditional improv games and skills, we will also focus on celebrating your internal culture.

IMPROV PERFORMANCE

Our professional players have trained at and graduated from the top improv organizations in the country including Second City in both Chicago & L.A. as well as UCB Theatre in NYC. What separates us is our commitment to being funny. During our performance we will play several extremely interactive games with a high hilarity rate.

EDUCATIONAL CLASSES

Our courses teach students skills such as discipline, how to overcome adversity, awareness, networking and more. Over the course of our class we will encourage our students to foster an affiliative humor style attitude that will encourage optimism and lead to countless positive, intrapersonal rewards.
