Fulfillment Services

August 01, 2020

Product Overview

USFT Logistics, LLC is owned and operated by Retired U.S. Army Logistics Officer, Adrian Donnahoe, with over 14 years of logistics operations experience. Upon retirement, he knew he wanted to continue doing what he loved, Logistics! After seeing the enormous spike in

eCommerce growth in response to the COVID-19 pandemic, he knew it was time to bring his vast experience of knowledge using multi-modal assets to move products and to move them quickly.

USFT Logistics provides fulfillment services to companies all around the U.S. with facilities over 6,000 square feet and poised to grow with their customer's needs. Basic fulfillment services include receiving, safe & secure storage, inventory management, pick/pack/ship, discounted shipping/transportation, and returns management. Customizable fulfillment services may also

include EDI integration, kitting/bundling, labeling, detailed quality inspection with photographic recording, custom/branded packaging, dedicated customer service, and rapid delivery services within a 150 mile radius, as well as the use of the local airfield lift assets to expand that delivery radius. **What you can expect: "A Business Partner Providing Quality, Customer-Centric Service at All Levels"**
