

New! "Nature-Based Learning Connections" pilot project 2022-23 school year

with Pre-K and K-4 classroom teachers and their students / families

- Are you interested in supporting play- and nature-based learning experiences, both in AND outside of your classroom?
- The GRASS & ROOTS OUTDOORS team guides kids through hands-on, environmental education "explorations" developed with MN Department of Natural Resources (DNR) and Project Learning Tree
- Ongoing opportunities for outdoor "expeditions" and local NATURE-BASED OUTINGS led by the team at Grass & Roots, in all-natural spaces and places

GRASS & ROOTS OUTDOORS

actively engages with communities, educators, and families in building up kids to be energized, inspired, environmental stewards. Kids as Earth-protectors!

With generous support from:

CARL AND VERA SCHMIDT FOUNDATION

Questions to Trish Hiscock-Austin
trish@grassandrootsoutdoors.org

As part of this ****NEW**** pilot project, your students and families will also have options to participate in FREE outdoor youth programming on early release and "no school" days, scheduled school breaks, and summer!
