

High Court Proceedings

Xin Huang, Julia Buhagiar, and Jianan Zhang (Plaintiff Trustees) are trustees of the Bread of Life Christian Church in Auckland alongside Xi Chen, Yang Liu, and Jiedan Li (Defendant Trustees).

The Plaintiff Trustees have initiated proceedings in the High Court of New Zealand against the Defendant Trustees alleging,

- The board is deadlocked
- The defendants are not carrying out their duties as trustees and are in breach of their fiduciary duties: because they are alleged to have
 - made decisions without agreement
 - purported/intended to apply donations to other purposes without agreement of the other board members
- the defendants should be removed and are no-longer suitable to act as trustees.

The defendants deny this.

To ensure the interests of current and previous church members and donors are properly represented, the High Court has ordered the placement of this advertisement.
