

Kate Rowe

I am currently a union workplace representative in the University of Queensland Library and have worked at UQ since 2013 in various roles. I was elected as a member of the UQ Branch Committee of the NTEU for the first time in 2021 and I am nominating to build on that experience.

My aim has been to provide a voice for professional staff at UQ. I am on the NTEU team for Enterprise Bargaining, have been part of the UQ Joint Consultative Committee and am also a Health and Safety Representative for my work area.
