Parking Lot for your Questions

Some questions we have are great, but would take us off topic and distract us. If you have a question at any point, write it on a sticky note and place it on the parking lot poster on the wall so we can address them at a later time.

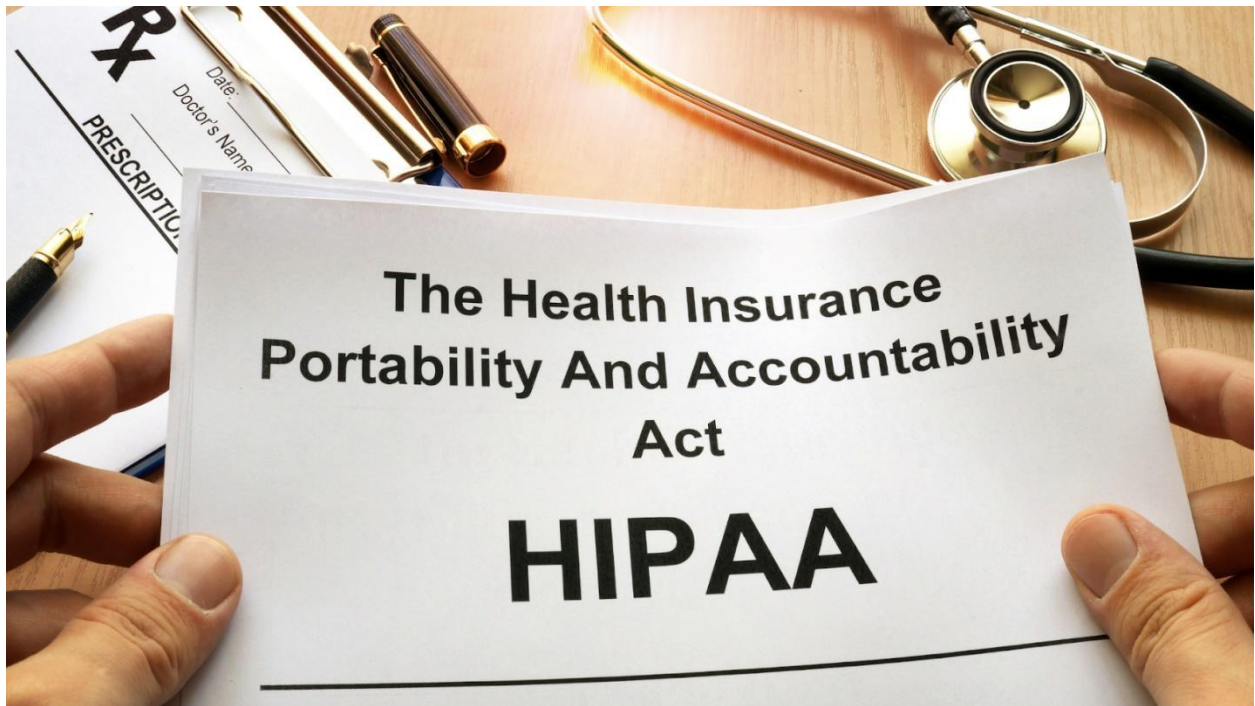

Think about it:

Instructions

Consider the question and discuss it with your team. (3 minutes)

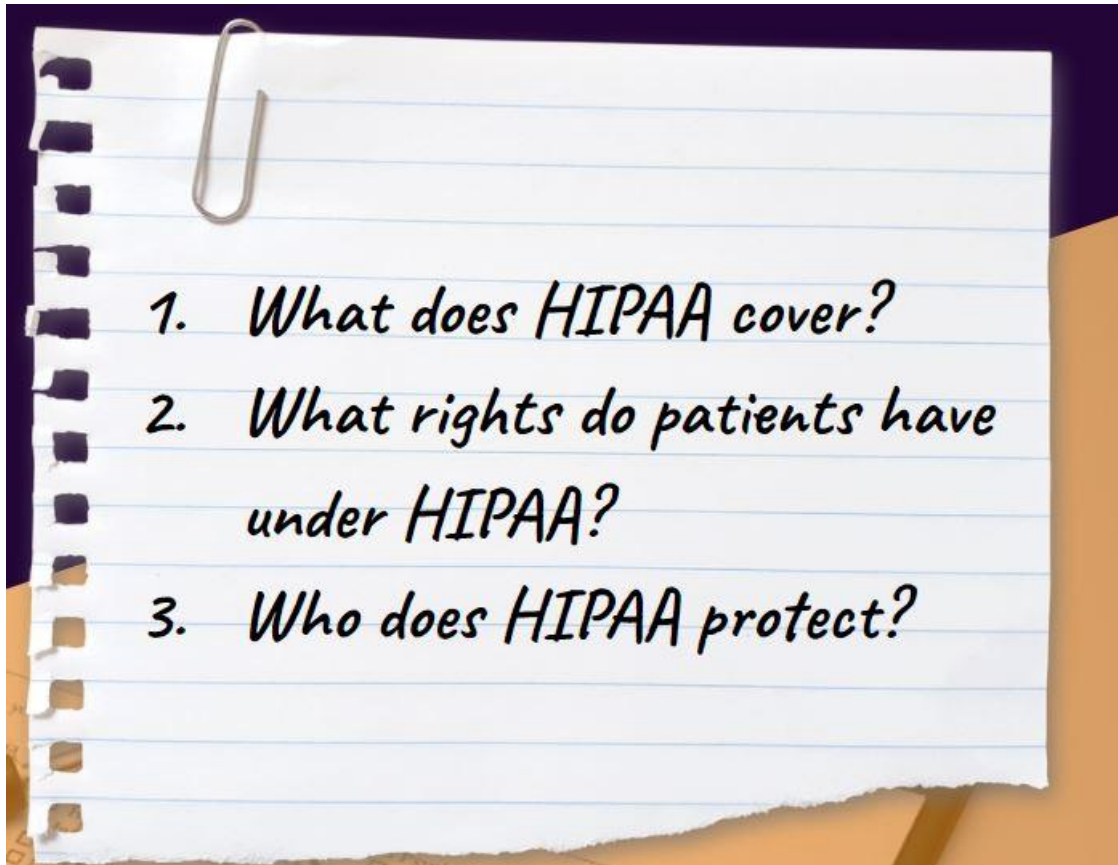

HIPAA Fundamentals

Instructions

Why is HIPAA important? Talk with your group, jot down your ideas and be prepared to share your understanding with the class. (5 minutes)

HIPAA Fundamentals

Instructions

As a team, each group/table will use chart paper and markers to create an anchor chart. An anchor chart is a way to represent your thinking in words, pictures, or symbols. Use these as topics and be ready to share! (10 minutes)

Knowledge Check Activity: 18 Identifiers

Instructions

Work with your teammates to see how many of the 18 HIPAA identifiers you can recall from before the break. (3 minutes)

You will receive an infographic of the 18 identifiers at the end of the training. See how many you can remember now!

Knowledge Check Activity Scenario

Knowledge Check Activity Scenario

A 911 call center operator receives a phone call from a distressed caller.

1. What questions can the operator ask the caller?
2. What can be shared with responding officers?
3. Why can some information be shared with responding officers?

Instructions

In the space provided below, please answer the above questions based on what you have learned about HIPAA fundamentals, PHI & Covid 19. (10 minutes)

Knowledge Check Activity Sketchnote (After the lunch break)

Knowledge Check Activity Sketchnote

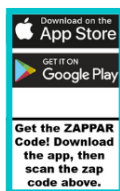

Under what conditions can a covered entity release information to the media?

Instructions

In the space below, draw out your interpretation or understanding of disclosures. (5 minutes)

18 HIPAA Identifiers

Instructions

To access the additional resources, found in the zapcode, first download the Zappar app for your phone. Then simply scan the code! Once you've accessed the augmented reality experience, you will find resources to the CDC, other helpful links about HIPAA, and videos to help you cement your understanding of the concepts outlined here.

Assessment:

og in to the Astronomika LMS and launch the assessment on your dashboard. You will need to complete the assessment by COB on the day of this training.
