

Nesting Bread Baskets

October 14, 9am to 4pm, Gravel Hill Church Palmyra, PA

These baskets were designed to complement one another as well as highlight the custom crafted bases. The smaller basket has a 5 $\frac{3}{4}$ " x 3 $\frac{3}{4}$ " base with a chevron pattern of cherry and maple hardwoods. The sides are woven in a Japanese Twill using natural and smoked reed to mimic the zigzag pattern of the base. The larger basket has an 8 $\frac{1}{4}$ " x 5 $\frac{3}{4}$ " base with a basket weave pattern of cherry, maple, and walnut hardwoods. The sides are woven in a start/stop pattern. Smoked round reed is used to highlight the weave and mimic the basket weave pattern of the base. Leather handles are added as finishing touches to both baskets.

The cost of the kit is \$65. This includes everything you need to complete both baskets.
