HALOGEN bulb

PHOTON HALOGEN

STANDART

X4 LIFETIME

ECOLOGICAL

PERFORMANCE ON THE HIGHWAY

HIGHEST PERFORMANCE IN ORIGINAL WATTAGE

Long Life +30% Halogen Bulbs

Competition against the increasing demands of consumers, Photon Halogen bulbs are designed to serve %30 more light on the road and longer lifetime when compared against to standard bulbs.

Technology in hand is improved constantly, durability and lifetime is developed rapidly, we can serve you full series of Photon halogen bulbs while ensuring the satisfaction and competition guarantee against the competitors on the market.

Proudly we would announce that all of the Photon Halogen bulbs are manufactured with Quartz Glass which ensures the safety against being shattered by a piece of water or humidity which might occur because of temperature differences between inside headlight and outside world during cold winter days.

Long Life +30% Halogenlampen

Um den steigenden Anforderungen der Verbraucher gerecht zu werden, sind die Photon Halogenlampen so konzipiert, dass sie +30% mehr Licht auf die Straße bringen und eine längere Lebensdauer haben als Standardlampen.

Unsere Technologie wird ständig verbessert, Haltbarkeit und Lebensdauer entwickeln sich stetig weiter. Wir bieten Ihnen die volle Produktpalette an Photon Halogenlampen, während wir Zufriedenheit und Wettbewerbsfähigkeit gegenüber Mitbewerbern auf dem Markt gewährleisten.

Stolz möchten wir verkünden, dass alle Photon Halogenlampen mit Quarzglas gefertigt werden.

Das sorgt dafür, dass das Glas bei Kontakt mit Wassertropfen oder durch Feuchtigkeit, die aufgrund von Temperaturunterschieden entstehen können, nicht zerbrochen wird.

MINIATUR bulb

12 V - 24 V

XTREME Vision

Sophisticated simplicity
never before possible

★★★★★
plus150 Up to 150% more light on the road ▶

Photon Xtreme Vision bulbs' power comes from its unique engineering.

These bulbs provide the maximum amount of light on the road while still remaining in original wattage which avoids any damage to occur to headlight.

We would recommend choosing Photon Xtreme Vision bulbs if you are looking for:

- Higher brightness on the road.
- Better horizontal and vertical illumination (wider area is illuminated).
- Longer lasting bulbs. (Extended life time)
- Better visibility of Road Signs and Roadway.

Die Power der Photon Xtreme Vision Lampen kommt von seiner einzigartigen Ingenieurskunst.

Diese Lampen bringen die maximale Menge an Licht auf die Straße bei der ursprünglich angegebenen Wattleistung, wodurch Schäden an den Scheinwerfern verhindert werden.

Wir empfehlen Photon Xtreme Vision Lampen wenn Sie auf der Suche sind nach:

- Höhere Helligkeit auf der Straße.
- Bessere horizontale und vertikale Beleuchtung (Eine größere Fläche wird beleuchtet).
- Länger anhaltende Lampen. (Verlängerte Lebensdauer)
- Bessere Sichtbarkeit von Verkehrszeichen und Fahrbahn.

Ultimate Xenon Effect

Ultimate XENON Vision
in original wattage, never possible before.!

The nomenclature "Ultimate" for Photon XEN Vision bulbs, is deserved by being the best White solution while maintaining the original watt values of the bulbs.

It must be emphasized that all of the Photon XEN Vision bulbs are manufactured with Quartz Glass which ensures the safety against being shattered by a piece of water or humidity which might occur because of temperature differences between inside headlight and outside world during cold winter days.

Photon XEN Vision Bulbs are styling products for vehicles which will immediately distinguish itself from crowd. Those bulbs produce a distinctive xenon look in the headlight due to their colour temperature of.

Ultimate XENON Vision
in ursprünglich angegebener Wattleistung, die nie zuvor möglich war..!

Die Nomenklatur „Ultimate“ verdienen die Photon XEN Vision Lampen für die beste Weiß-Lösung unter Beibehaltung der ursprünglich angegebenen Wattwerte der Lampen.

Es muss betont werde, dass alle Photon XEN Vision Lampen mit Quarzglas gefertigt werden.

Das sorgt dafür, dass das Glas bei Kontakt mit Wassertropfen oder durch Feuchtigkeit, die aufgrund von Temperaturunterschieden zwischen Innen- und Außenseite der Scheinwerfer während kalter Wintertage entstehen kann, nicht zerbrochen wird.

Photon XEN Vision Lampen sind Styling-Produkte für Fahrzeuge, die sich sofort von der Masse abheben. Diese Lampen erzeugen aufgrund Ihrer Farbtemperatur von einen unverwechselbaren Xenon look in den Scheinwerfern.

LED / Exclusive Serie

Photon Exclusive LED Serie,

Beyond Perfection..!

Photon Exclusive Led Serie; shortly has been launched whilst having fame rapidly.

Exclusive Serie Led products are the most innovative solutions in the market which ensures the highest possible light output in its class with no rival across.

This stunning serie gives you;

- Highest possible lumen output compared to its ancestors and competitors.
- Most professional CAN-BUS solution in market.
- Lowest power consumption comparing alternatives.

**Photon Exklusiv LED Serie,
Jenseits der Perfektion..!**

Die Photon Exklusiv LED Serie konnte sich innerhalb von kurzer Zeit erfolgreich auf dem Markt etablieren.

Die Produkte der Photon Exklusiv LED Serie sind die innovativsten Lösungen auf dem Markt, die konkurrenzlos eine möglichst hohe Lichtleistung in seiner Klasse bieten.

Diese beeindruckende Serie bietet Ihnen:

- Höchste Lichtleistung im Vergleich zu seinen Vorgängern und Konkurrenten.
- Eines der professionellsten CAN-BUS-Lösungen auf dem Markt.
- Niedrigster Energieverbrauch im Vergleich zu Alternativprodukten.
