IT'S YOUR LOVE STORY, LET'S SHARE IT

As an interfaith officiant, I am able to custom tailor your ceremony to your exact wants and desires. The ceremony can be as religious or as far from religion that you desire. I want your ceremony to be everything you and your partner have always dreamed over, and more.

ABOUT OUR CEREMONIES

EVERYONE IS WELCOME

We recognize and respect people of any and all faiths, or spiritual beliefs (including those who consider themselves agnostic or atheist) and welcome people of all sexual orientations and gender identities.

NON-DENOMINATIONAL

We are not restricted by any particular religion or customs. We will work with you to make your ceremony exactly how you like it, with or without any aspects of religion.

WE COME TO YOU

We'd love nothing more than to visit your venue and experience the charm that led you to picking it for your special day.

CUSTOM CEREMONIES

We love to custom tailor your ceremony for your unique needs. Whether you want a serious ceremony or your guests laughing, we'd love to make your big day uniquely yours.
