

## ALL-INCLUSIVE BOARDING OPTIONS & SERVICES

All boarding options provide the benefits of horse ownership without the day-to-day responsibilities of horse ownership as owner's are not required to visit their horse on any type of schedule or at all. Instead, our Stable Management Staff will muck stalls, feed, and bring your horse in and out of pasture as described based on your board of choice. In addition, all boarding options include either grass hay pastures, legume hays, or a combination of both as well as unrestricted use of amenities on Sundays. Restricted use of amenities is enforced Monday through Saturday based on the programming schedule.

Check marks (✓) denote services included with a boarding option.

Dollar signs (\$) denote services available for additional charges.

	From \$221 to \$ 271	From \$364 to \$414	From \$672 to \$722	From \$1,150 to \$1,200

A solid black dot (●) denotes grain that is fed throughout the year at the same frequency as hay.

An asterisk (\*) denotes owner supplied items (excluding fly masks and minor wound care for partial boarders) applied or administered by the Center's staff.

A snowflake (⊛) denotes the feeding of hay from October through March unless cooler temperatures require an earlier start and/or a later finish in supplemental forage.

Sunshine (☼) denotes full baths from May through September unless warmer temperatures dictate an earlier start and/or a later close of the wash stall.

†A person who handles and soothes a horse during veterinary and farrier care.

♠ A closed lock (♠) denotes a required and refundable \$25 security deposit for 60 minutes of care as a Comfort Companion in the event of incidentals.

‡ A thumb tack (‡) denotes the administration of spot-on fly control only when grain feeding is not selected.

Subject to change without notice.
