

GARDENING

Description

Gardening provides learning experiences integrated with science, technology, engineering, and mathematics to improve academic achievement and psychosocial development at beginner, intermediate, and advanced levels. Each lesson is 45 minutes.

Fees

All program fees are subsidized based on the value of the services provided rather than the actual cost to provide the services. Differential pricing is available, on occasion and at the Center’s discretion, for all half and full sessions at discounts ranging from 10% to 30% of the value of the services when paid in full. Additional discounts are available for up to six people in a group and enrollment in multiple programs.
