

The land of Hyrule is a large and expansive world that Link travels time and time again. Occasionally, Link will go to new lands, such as Termina and Koholint Island. There are plenty of things to do in the world of Legend of Zelda.

THE WAR SERIES

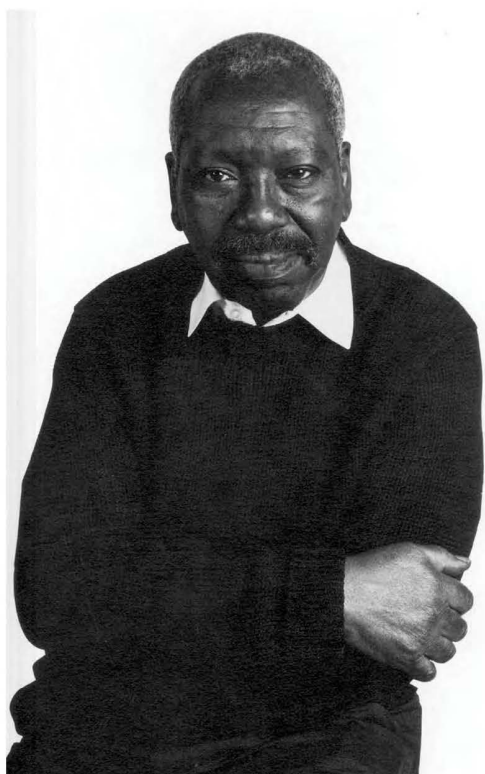

Jacob Lawrence was drafted into World War II.

When the second World War broke out, there was a huge draft in the United States. Among many of the young men drafted, Lawrence was immediately thrust into a war type situation after earning so recognition as an artist

in New York. He was originally drafted into the United States Coastal Guard and was stationed in Massachusetts and Florida before he was finally assigned on a troopship as a Coast Guard artist. As a Coast Guard artist, it was his job to document the effects of the war as well as many of his own personal experiences. However, many of the paintings that he did during this time were lost. As a result, when Lawrence returned from the war, the Guggenheim Museum commissioned him to do the "War Series". In this

series of paintings, Lawrence recaptured the qualities of the war and how it affected him as an African-American within the ranks of the military during the 1940s, where racism was running rampant through the ranks and across the United States. Its most identifying features include the strong use earth tones along with the occasional use of greens.

Jessica Romano

co-CEO & Chief Creative Officer of Glamour Dolls Makeup

About Jessica:

Once upon a time, Jessica's mother was called into school by the principal. Five year old Jessica had brought an accessory to school: a purse, full of lipsticks. It was obvious that even at a young age, Jessica was obsessed with all things beauty and makeup. Jessica went on to work for a company that inspired her, MAC cosmetics. It was there that she perfected her technique, and learned to listen to her customers. Jessica took a break from working behind the counter, to standing in front of the camera. In 2012, Jessica was cast on a Style Network show called Glam Fairy, which followed her journey as a makeup artist. This was a once in a lifetime adventure that sparked her vision of Glamour Dolls. Jessica had fans from all over the world, and the show connected her once again with her future customers. She realized that as a makeup artist and consumer, she wanted the same thing: great beauty products at great prices. So, Jessica built Glamour Dolls on exactly that foundation. Mixed with her signature girlyness and glam, the line was an instant hit with beauty fanatics everywhere who shared the same passion as Jessica. Using her past experiences to bring her even closer to the dolls, Jessica plans to continue to grow the brand and stay hands on with every aspect of Glamour Dolls.

Visit Philadelphia

The City of Brotherly Love

Famous as the birthplace of life, liberty and the pursuit of happiness, Philadelphia delivers one destination, five counties and countless things to do: fascinating museums, vibrant parks, national historic sites and famous (and delicious) food.

Yo, welcome to Philly!

There's never a shortage of awesome things to do in Philadelphia — but there are some things you just can't miss while you're here.

Whether it's running like Rocky, refueling with a cheesesteak and then wandering along Boathouse Row, or touring Independence Hall, devouring a roast pork sandwich at Reading Terminal Market and then visiting an amazing museum on the Benjamin Franklin Parkway, these are the experiences that make our city stand out among the rest.

History

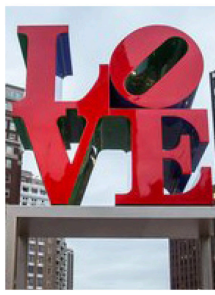

The country's first World Heritage City, Philadelphia is also the birthplace of the United States, where our Founding Fathers met, discussed, debated and formed a new country.

Lucky for 21st-century visitors, so much of Philadelphia's history has been preserved. That includes, of course, two of the city's most important attractions: Independence Hall (one of the only World Heritage sites in the country and where the Declaration of Independence was drafted and signed) and the Liberty Bell (a symbol of abolitionist movement).

It also includes the historic houses, government buildings, museums,

churches and cemeteries that make up Independence National Historical Park, the "most historic square mile in America" run by the National Parks Service that sees millions of visitors every year.

Elsewhere, visitors soak up the region's history in the quaint, explorable alleyways of Old City and Society Hill, at the city's excellent history museums (Museum of the American Revolution, National Museum of American Jewish History, the African American Museum) and throughout the Greater Philadelphia region at sites made famous by the American Revolution (Valley Forge National Historical Park).

Philadelphia's iconic John F. Kennedy Plaza — better known as *LOVE Park* — brings people together with green areas, walking paths and seating, as well as open paved areas that play host to festivals and events.

Explore Philadelphia Neighborhoods

It's said that Philadelphia is a city of neighborhoods, and there's no better way to get a taste of the City of Brotherly Love than to explore one of Philly's many distinct areas.

Reading Market Terminal

Established in 1892, the historic *Reading Terminal Market* remains the go-to place for professional and home cooks looking for farm-fresh produce, meats, cheeses, herbs and more. Merchants sell everything from apples to Amish baked goods. Tours are available, and the market often hosts special events.

The *Philadelphia Flower Show*, *Mummers Fancy Brigade* and *Philadelphia Auto Show* attract large crowds annually to the Convention Center.

"Meet me at the Eagle" derives from a longstanding tradition among locals who gather in front of the iconic statue in the Grand Court at Macy's Center City, formerly John Wanamaker Department Store. In addition to picking up the latest styles, shoppers marvel at the elaborate architecture and enjoy daily musical performances from its historic 28,500-pipe organ — the largest playable instrument in the world.

Visitors can enjoy eating a wide swath of different cuisines, from sublime soul food and exquisite Asian and Middle Eastern dishes to authentic Philly cheesesteaks and traditional Pennsylvania Dutch fare — all available from largely locally owned, family-run stands.

Chestnut Hill

Loaded with photo-worthy charm, Chestnut Hill is tucked in the northwest section of Philadelphia, just 25 minutes from Center City.

Loaded with photo-worthy charm, Chestnut Hill is tucked in the northwest section of Philadelphia, just 25 minutes from Center City. And thanks to its location near Wissahickon and Cresheim creeks and Fairmount Park, this National Register Historic District enjoys an abundance of greenery and open spaces.

Once a suburb where well-to-do Philadelphians escaped the city's summer heat, Chestnut Hill saw an influx of year-round residents with

the arrival of railroads in the 19th century.

Since then, it remains a relatively affluent community with an array of historic mansions and Victorian twin and row houses. Chestnut Hill's main street, Germantown Avenue, is a treasure trove of shops, galleries, boutiques, home furnishings stores and restaurants.

Stretching almost 10 blocks, the avenue boasts cobblestone streets and historic facades on many shops and businesses — all adding to the picturesque charm.
